

GRUNDOCRACK Models

Twenty-one Grundocrack models, including 6 straight-barrel auto-reverse tools, from 5-inch (127-mm) through 32-inch (609-mm) diameter, are available.

Each tool is effective in bursting a wide range of pipe diameters through the use of a variety of expanders. For replacing lateral connections, there's a Grundocrack tool designed to be launched from the confined space of a manhole.

Tool Model	Diameter	Expander Model	Expander Diameter
Mini-Atlas	5" dia.	KV 350	15" dia.
Titan	5.75" dia.	PCG 270	11" dia.
Mini-Olympus	7" dia.	HV 220	9" dia.
Olympus	7" dia.	PCG 180	7" dia.
Hercules	8.5" dia.	PCG 145	5.75" dia.
Mini-Gigant	10" dia.	PCG 130	5" dia.
Gigant	10" dia.	PCF 220	8.4" dia.
Koloss	14" dia.	PCF 180	7" dia.
Goliath	16" dia.	PCF 145	5.7" dia.
Taurus	24" dia.	PCF 130	5" dia.
Apollo	32" dia.	-	-

**Reversible models available by request*

Grundocrack® Tool Specifications
